

January 1, 2023.

To Whom It May Concern:

Master Plant-Prod Inc. (MPPI) certifies that all brands of Plant-Prod<sup>®</sup> water soluble fertilizers, supplements and micronutrients comply with the federal *Fertilizers Act* and *Regulations* as set out and administered by the Canadian Food Inspection Agency (CFIA).

MPPI conducts additional testing on all Plant-Prod MJ<sup>™</sup> products, and provides Certificates of Analysis (CoA) for each batch. CoA's are available 15 business days following the production of each batch. Heavy metal content testing is conducted randomly throughout the yearly production cycle. Frequency is dependent on production, with a minimum of once per year.

Heavy metals tested for are as follows:

Arsenic (As)

Cadmium (Cd)

Chromium (Cr)

Cobalt (Co)

Copper (Cu)

Mercury (Hg)

Molybdenum (Mo)

Nickel (Ni)

Lead (Pb)

Selenium (Se)

Thallium (Tl)

Vanadium (V)

Zinc (Zn)

MPPI certifies that Plant-Prod<sup>®</sup> water soluble fertilizer blends, supplements and micronutrients are not manufactured, represented or distributed as Pest Control Products. No raw materials used in the manufacturing of these products have a Registration Number under the *Pest Control Products Act*.

Sincerely,

Joyce Ampah
